<p>Grading Design Review: Design Review Administrator</p>	<p>\$ 1,260 deposit</p>	<p>There are 3 stages of grading review and approval depending upon the extent of the grading. Grading projects on slopes less than 20% and less than 200 CY will be reviewed by the Design Review Administrator. For projects that require only Design Review Administrator review, the fee is \$1050 unless geotechnical peer review is required in which case the applicant is responsible for those costs as well.</p>
<p>Grading Design Review: Design Review Board (DRB)</p>	<p>\$ 2,460 deposit</p>	<p>Grading on slopes greater than or equal to 20% or on predevelopment average slopes less than 25% and equal to or greater than 200 CY requires DRB approval. For projects requiring DRB approval, the fee is \$2050 unless geotechnical peer review is required in which the applicant is responsible for those costs as well.</p>

**PLANNING DEPARTMENT FEES (cont.)**

Grading Design Review: Planning Commission Recommendation to Town Council	\$ 9,600 deposit	Projects including landslide repair or slope stabilization on predevelopment average slopes greater than or equal to 25% will require review by the Planning Commission with a recommendation to the Town Council for a decision. For projects requiring a Planning Commission recommendation and a decision by the Town Council, the initial deposit is \$9600.

Banner Hanging Permit		
Tree Removal Permit	\$ 100	
Reconsideration	\$ 1,500	
Written Request for Flood Zone Verification	\$ 250	
Preparation of GIS Maps	\$ 25 per map	

**Deposits for projects where the costs of services cannot be determined in advance:**

The filing deposit for each application, except those which have a fixed fee as provided above, shall be the actual cost incurred by the Town based upon the time spent by staff, work performed by consultants for the Town, materials and other related incidental expenses. The initial deposit specified for the application is based upon the average cost of previous applications; therefore, it may not be sufficient to cover the actual cost incurred in processing a particular project.

If, after work has commenced, it is determined by the Town that the costs will exceed the original deposit, then the applicant shall be billed for the excess amount and an additional deposit shall be made based on an estimate by the staff on the amount of work remaining to complete the processing of the project. If the cost is less than the deposit, the excess of the deposit over the cost shall be refunded to the applicant 60 days after the close of the project. No processing by the Town shall occur unless all deposits called for above have been made by the applicant.

**Deposits for projects where the resources required exceed those available in the Planning Department:**

When it is determined by the Planning Director that resources or technical skills beyond the capability of the resident staff are required to evaluate an application, the staff shall secure an estimate for the cost for such services by outside consultants. The deposit shall then be the cost of such services plus 25% for management costs.

**Refunds:** If an application is withdrawn before the Town does substantial work on it, and before any required notice is published or posted, a minimum of \$50.00 will be deducted from the deposit or fee and the remaining balance will be refunded to the applicant.

**Appeals (including an objection to a second living unit):**

For an appeal from any decision for which there is a fee or deposit as described in this document, the Appellant shall pay half of the base filing fee, not to exceed \$500.00, but not less than \$100.00. The Applicant shall be responsible for all expenses borne by the Town, including processing costs of an appeal. However, the appeal fee will be credited to the costs incurred by the applicant.

Government Code Section 65104 authorizes the Town to charge fees to support the work of the Planning Department provided that the fees do not exceed the reasonable cost of providing the service for which the fee is charged.
